## AMIGO CARGO SECURING NET ASSEMBLY INSTRUCTIONS

The cargo securing net set consists of:

- 1 cargo securing net
- 18 cord holders - grey
- 18 hammer head nuts M4
- 18 Philips round head screws M4 x 12

Place the round head screw through the cord holder and fit the hammer head nut on the round head screw.

Place three cord holders in the T-groove on the front and rear walls. On the rear wall, place the cord holders between the lights. On the side wall, place three cord holders in the T-groove in front of the mudguard and three cord holders in the T-groove behind the mudguard and spread them out evenly. Make sure the hammer head nut is rotated 90° in the T-groove.

Place the cargo securing net over the trailer and pull the elastic cord over the cord holders.

Make sure the cargo securing net is pulled tightly over the trailer.

Net weight of the cargo securing net set: 2 kg
